History

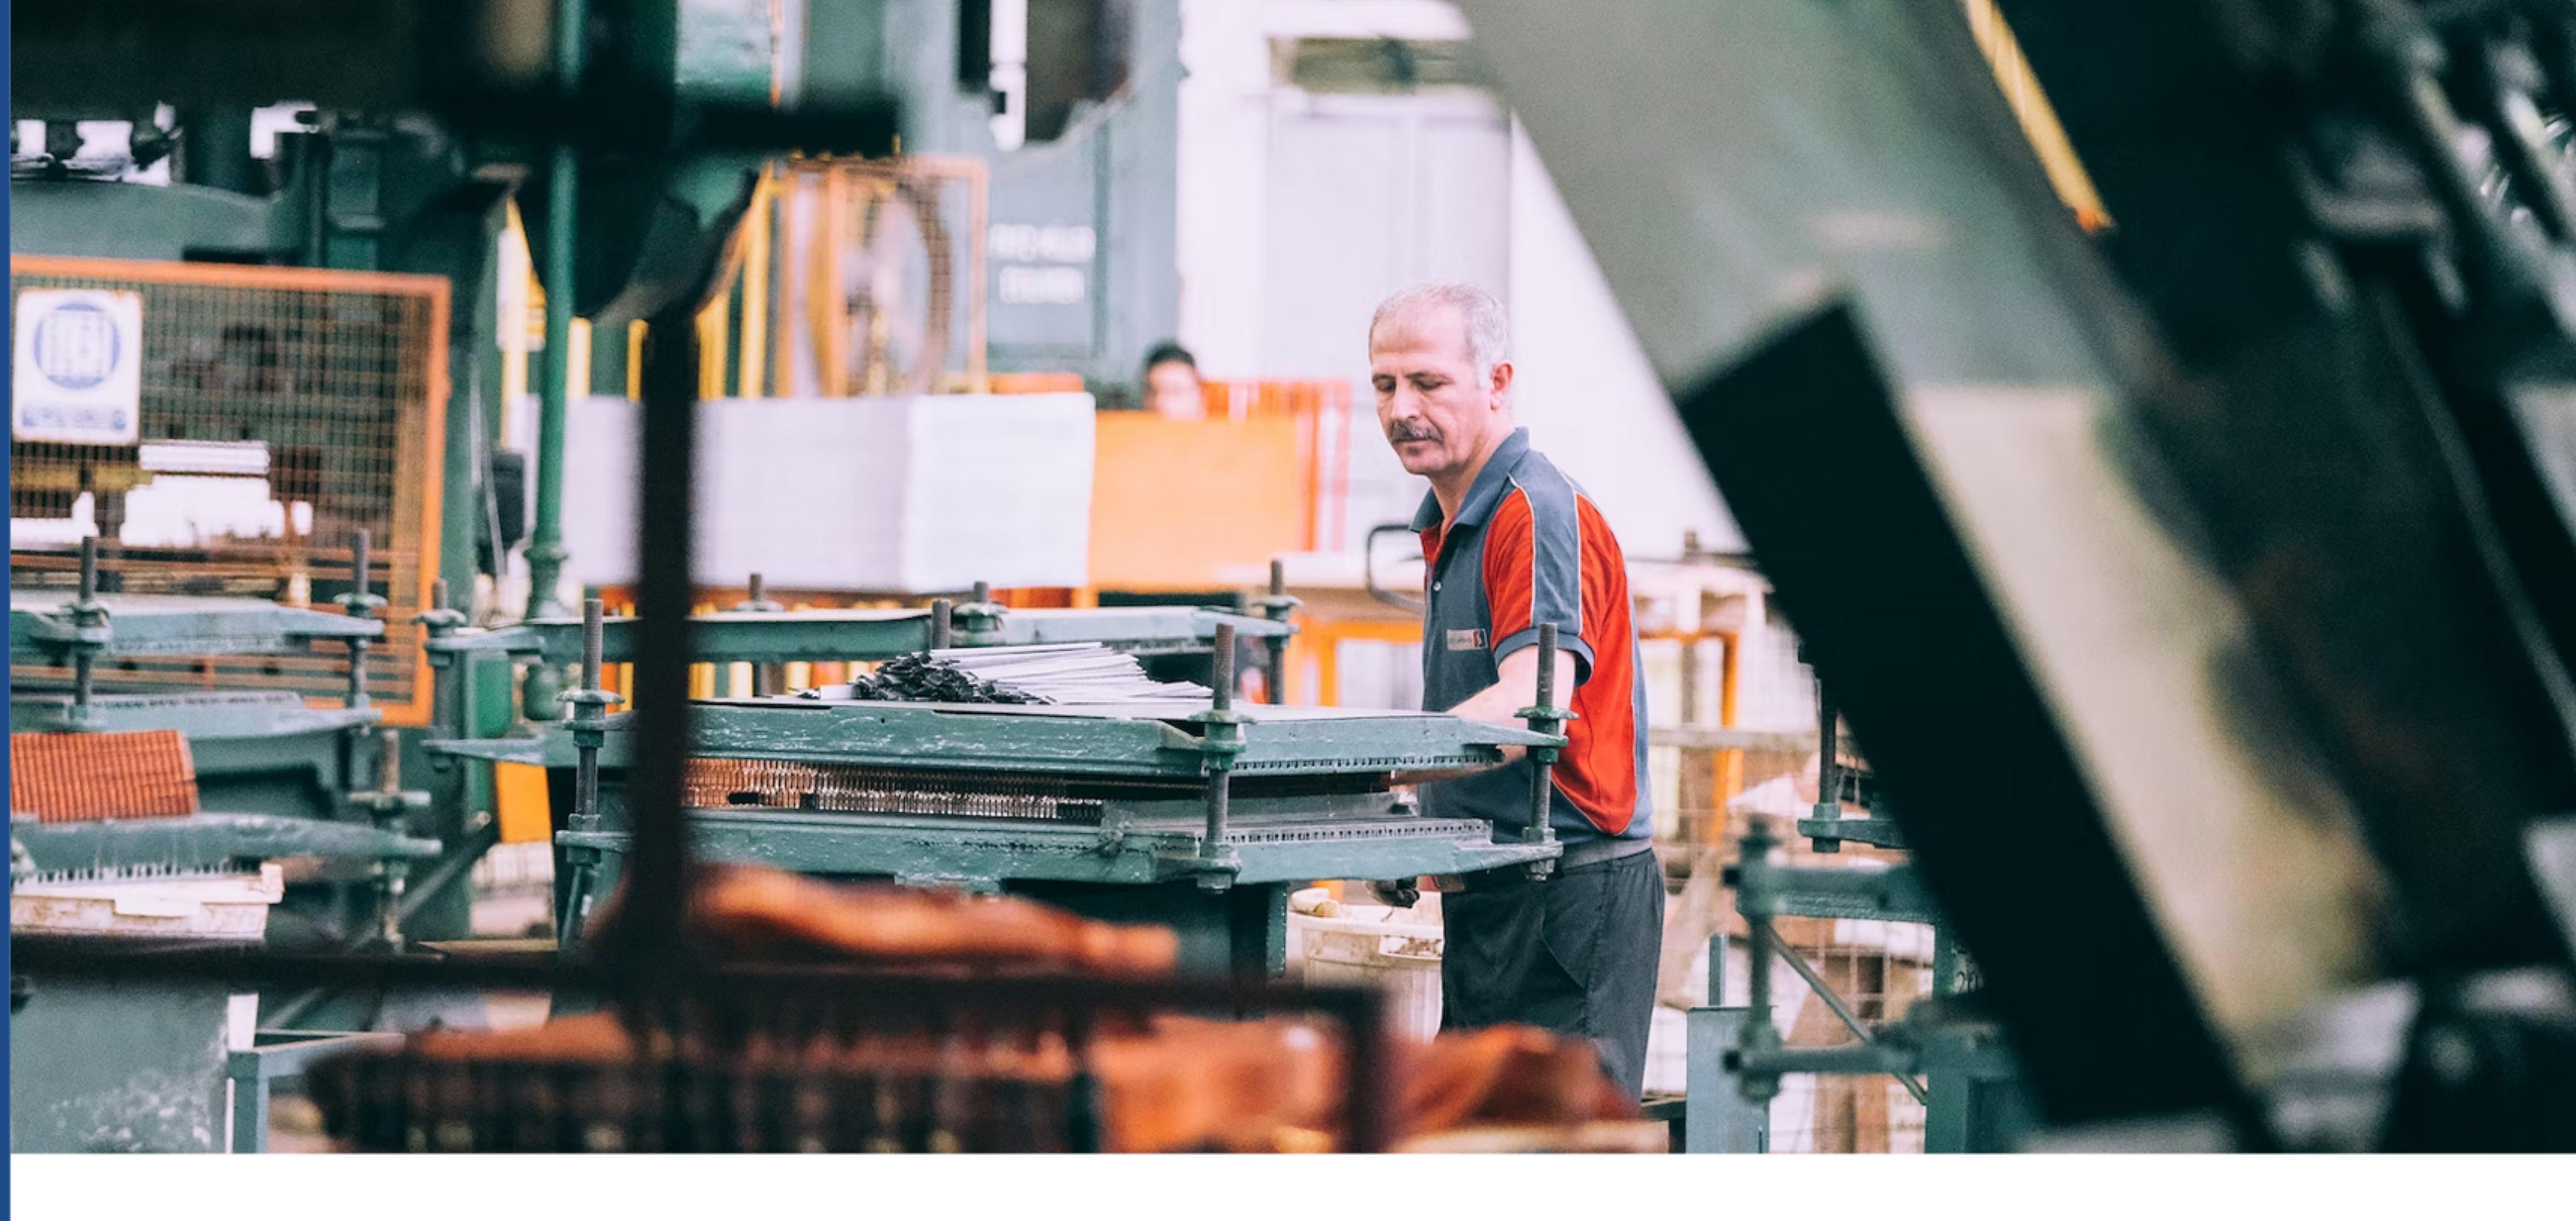

12 years experience

We are Milertek, a Mexican company with over 12 years experience in Design, Development, Manufacturing and Tech Innovation coupled by a professional equipment supply and maintenance company.

Back in 2010 a CM company, now transformed into a Turn-Key solution company. We have been increasing capabilities, adding experience along the years through the merger of companies for different areas of specialization in the Electronic Industry.

With a new portfolio of capabilities and know-how acquired over the years, all available at Milertek, we are now empowered with a highly specialized Engineering team to provide Product Design and Manufacturing Services in addition to the support of our own company to increase capacity when needed, where necessary.

Milertek always supported by its experienced human capital, focused on customer needs and excellence to position itself as an innovative company with specialized capabilities in Engineering, Design and Manufacturing at an international level.

Joint Venture

2010

2013
